

## **GUIDELINES FOR DHARMA TRAINING CLASS PRESENTATIONS**

- 1/ The time allotted for class presentations is one hour.
- 2/ Use the guiding questions to organize your presentation. Be sure that each question is addressed.
- 3/ You may invite class participation, but please factor this into your presentation time.
- 4/ If you are presenting with another student or students, please contact your fellow presenters well in advance and coordinate your presentation.
- 4/ Prepare a discussion question for the breakout groups in the second half of the class. This question should relate to the text in a way that encourages students to explore how the text relates to their lives, their practice, and their understanding.
- 5/ If you wish to have handouts, please be sure to prepare these in advance and bring enough copies for each student.
